

SLATE LANE DISPATCH

CARRIER CREDENTIAL & ONBOARDING PACKET

Complete once. Slate Lane can then use these credentials to complete broker-specific carrier setup packets for authorized loads.

Purpose. This is the carrier's master onboarding file for Slate Lane Dispatch. It is **not** a substitute for a broker's own broker-carrier agreement. Each broker may require its own onboarding, carrier contract, certificate-holder wording, fraud verification, or additional documents.

Privacy. Do not enter an SSN or EIN anywhere in this packet. Put taxpayer identification only on the current official IRS Form W-9. Banking details should be provided only when needed through a secure channel or broker/factoring portal.

A. Carrier Company Profile

Legal name (exactly as FMCSA/W-9)

DBA / trade name

USDOT #

MC/MX #

State of formation

Physical address (match FMCSA)

Mailing address (if different)

City / State / ZIP

Country

Main business phone

Business email

MCS-150 last update date

Operating authority active since

- ☐ Authorized for Property (non-household-goods), if applicable.
- ☐ USDOT status is Active and not Out-of-Service.
- ☐ BOC-3/process-agent designation is current, if required.
- ☐ UCR registration is current, if applicable.

B. Authorized Contacts

Owner / principal name

Owner / principal phone

Primary dispatch contact

Dispatch phone

Billing / paperwork contact

Billing email

After-hours / emergency contact

Emergency phone

C. Insurance Summary

Enter current coverage information from the Certificate of Insurance (COI). Broker-specific limits and certificate-holder wording vary. Many major U.S. brokers currently require approximately \$1,000,000 auto liability and \$100,000 cargo even though federal minimums differ by operation. The insurance agent may need to issue a broker-specific COI directly to that broker.

Insurance company

Insurance agent / agency

Agent phone

Agent email

Auto liability limit

Auto policy expiration

Cargo limit

Cargo policy expiration

Trailer interchange limit (if any)

General liability (if any)

☐ Reefer breakdown coverage applies (if reefer).

☐ Hazmat-specific limits/endorsements apply (if hauling hazmat).

D. Fleet, Equipment, and Driver Availability

Power units

Drivers

Primary equipment

Trailer length

Max payload

Home base

- ☐ 53 ft Dry Van
- ☐ Reefer
- ☐ Flatbed
- ☐ Step Deck
- ☐ Power Only
- ☐ Box Truck
- ☐ Hotshot
- ☐ Sprinter
- ☐ Other

Equipment notes / dimensions / tarps / chains / straps / liftgate / team / TWIC / hazmat / special capability

E. Operating Preferences for Slate Lane

Preferred origin states/regions

Preferred destination states/regions

States/regions to avoid

Maximum deadhead miles

Target / minimum loaded RPM

Minimum load rate

Home-time schedule

Weekly gross revenue target

Commodity exclusions / special handling restrictions

F. Factoring, Payment, and Remittance

- ☐ Carrier uses a factoring company.

Factoring company

Factor phone

Factor / verification email

Factor portal / broker approval method

Carrier remittance address

QuickPay preference / limitations

If factored, attach the current Notice of Assignment (NOA). If a broker requires a release letter or direct factor verification, Slate Lane will follow the broker/factor process. Freight payments must go directly to Carrier or Carrier's factor, not to Slate Lane.

G. Load-Board and Broker-Setup Authorization

- ☐ Authorize Slate Lane to use Carrier-authorized DAT access for Carrier-only dispatch work.
- ☐ Authorize Slate Lane to use Carrier-authorized Truckstop access for Carrier-only dispatch work.
- ☐ Authorize other carrier-approved load-board access listed below.

Other approved platforms

Carrier is responsible for providing access in a manner permitted by the platform. Slate Lane will not share Carrier credentials with unrelated parties and will stop access upon termination.

- ☐ Authorize Slate Lane to complete broker carrier-setup forms and send Carrier-provided credentials/documents to brokers for Carrier-approved load opportunities.
- ☐ Authorize Slate Lane to receive and transmit rate confirmations; signing on Carrier's behalf requires the separate authorization in the Carrier-Dispatcher Agreement.

H. Master Document Checklist

Keep these items in Slate Lane's secure carrier file. The first five are the most commonly requested broker-setup credentials; other items are broker/load specific.

- ☐ Executed Slate Lane Carrier-Dispatcher Agreement & Limited Agency Authorization
- ☐ Current IRS Form W-9, signed (for U.S. carriers/persons) - use the official IRS form
- ☐ Current Certificate of Insurance (COI) with auto/cargo limits and agent contact
- ☐ FMCSA operating-authority grant / active authority evidence and current USDOT/SAFER information
- ☐ Factoring Notice of Assignment (NOA), if factored
- ☐ Voided business check / ACH authorization only if a broker or factor specifically requires it
- ☐ IRP cab card / registration, if broker or load requires it
- ☐ IFTA credentials, if applicable and requested
- ☐ Trailer interchange coverage/agreement, if applicable
- ☐ Hazmat endorsement / insurance / permits, if applicable
- ☐ TWIC / port credentials, if applicable
- ☐ SCAC code, if applicable to the freight/network

Do not routinely collect driver SSNs, full tax IDs, CDL images, or bank credentials unless a specific broker, customer, or legally required process actually needs them. Minimize sensitive personal information and use secure transmission.

I. Carrier Certifications

- ☐ Information and documents supplied in this packet are accurate and current.
- ☐ Carrier will not accept interstate for-hire freight outside the scope of its active authority.
- ☐ Carrier will maintain required insurance and notify Slate Lane promptly of lapse/cancellation/material change.
- ☐ Carrier will not re-broker or transfer loads booked for Carrier to another motor carrier without lawful broker authority and required consent.
- ☐ Carrier retains sole responsibility for drivers, HOS, equipment, cargo securement, permits, and transportation safety.
- ☐ Carrier will notify Slate Lane of changes to legal name, ownership, FMCSA contact info, authority, insurance, factoring, or payment instructions.

J. Electronic Signature and Return

- ☐ I intend to sign electronically and certify that I am authorized to provide these credentials for Carrier.

Authorized signer name

Title

Signature / typed legal name

Date

Optional drawn Carrier signature

Use your PDF viewer's Fill & Sign tool, draw a signature, or type your signature in the field below.

Return the completed PDF together with required attachments. Keep a copy of the final signed PDF for your records.

K. Broker Setup Master Cover Sheet - Send with Broker Packet

Slate Lane may use this one-page summary as a cover sheet when a broker requests Carrier setup. It does not replace the broker's own contract or verification process.

Carrier legal name

Authorized dispatcher contact

Typical attachments: broker-specific signed carrier agreement; W-9; COI issued as broker requests; FMCSA authority information; factor NOA if applicable; payment setup document if requested.

Broker-specific fraud/identity verification, Highway/RMIS onboarding, direct insurance-agent verification, or additional documents may still be required.
